## **Investing for Success**

# **Under this agreement for 2022 Kingston State College will receive**

#### This funding will be used to

- Improve NAPLAN Reading: Year 7 >15% U2B and >85% above NMS and Year 9 >15% U2B and >90% above NMS
- Improve NAPLAN Writing: Year 7 >5% U2B and >85% above NMS and Year 9 >10% U2B and >80% above NMS
- Improve NAPLAN Numeracy: Year 7 >10% U2B and >90% above NMS and Year 9 >5% U2B and >90% above NMS
- Improve A to E data in English, Maths and Science using a Case Management Approach with Year 8 and 9 Maths and English
- Continue to embed Tactical Teaching of Reading (TTR) and Tactical Teaching of Writing (TTW) strategies across whole school curriculum
- Deliver the program Writers Toolbox in English and Humanities subjects
- · Provide extra support for EALD and ASTI students
- Provide extra teaching staff to allow flexible student pathways
- Ensure staff funded under the I4S agreement have access to necessary resourcing, Professional Development and ICT resources.
- Re-engage 'at risk' and disengaged students studying at the KLC in order to improve leaning outcomes.
- Maintain a strong use of teacher aides in all classrooms in the KLC to support students with high learning needs and at risk
- · Improve the imbedding of Digital Pedagogies and STEM within the curriculum and in non-curriculum learning

#### Our initiatives include

#### AIP/4 Year Plan Alignment - Improve Performance through Reading and Writing and building teacher capacity

- Continuing to develop a whole school approach to support Reading across all learning areas using TTR strategies.
- Continuing to develop a whole school approach to support Writing across all learning areas using TTW strategies.
- Purchase the Writers Toolbox Program
- Use Education Perfect to create lessons that are more engaging and a vehicle for setting regular homework, improve NAPLAN results and Literacy and Numeracy.
- Improve A E data in English, Maths and Science through improved Literacy development
- · Improve the implementation of Digital Pedagogies and STEM learning into classroom planning
- · Provide support and maintain a focus upon students who are in the high achieving range and U2B NAPALN
- Ensuring that Head of Departments are fully skilled in both TTR and TTW and can provide training to their staff
- · Developing deeper understandings of data literacy and develop the leadership team and teachers in using data

#### AIP/4 Year Plan Alignment – Whole School Curriculum, Assessment and Reporting Plan

- · Provide additional teaching support in the Senior School to allow the small cohort to maintain a wide subject selection
- Improve access to specialist technology in the Senior School
- Provide textbooks for students in Maths, English and Science

#### AIP/4 Year Plan Alignment – Student Wellbeing and Community Engagement

- Continuing the rigorous processes for tracking and monitoring attendance, engagement and outcomes for students in years 7 to 12 and ensure that all school leavers are exiting to a viable pathway.
- Provide extra support for ASTI students to close the gap in relation to attendance, reading and writing.
- Provide for 4 HODs Student services to streamline engagement and wellbeing practices supported by the school's FTE allocation
- · Provide Teacher Aides in all classes in the KLC
- Provide support to sustain a PBL environment in the college

### Our school will improve student outcomes by

Employ And Industry Liaison Officers students are on track for a viable pathway  Employ HOD Teaching and Learning to continue the work lead by the Master Teacher (backfill cost)  \$87,716.44  Employ teachers so that senior offerings can be maintained  Employ teacher aides to work with students re-engaging in their learning through the KLC  \$110,000.00  Purchase Education Perfect Software, PTO and VIVO software and Writers Toolbox  IT Infrastructure and Devices foe whole school  learning support  Furniture for learning support and ACE programs  Eadd Support  Eadd Support  Eadd Support  Resources for Literacy and Numeracy, diagnostic testing and Professional Development for Teachers  Provide Technology, Professional Development to support the U2B students and teacher  Provide Impact lessons for U2B students and GATE students  Provide for testing, upskilling High Performing students and staff Professional Development  Provide STEM opportunities across all year levels  Provide specialist Technology for Senior Students across both campuses  Vet Pathways options  Provide textbook resources for English, Maths and Science  Positive Behaviour for Learning support  Total Planned Expenditure  \$983,472.26  2021 I4S funds carried forward  Total Funding  \$719,757.00	Employ A02 and TA04 to monitor and track attendance of students attending school	\$41,265.52
